To Whom It May Concern,

Re: Letter of Support: Yotam Rozin — The World as a Parent (Arts Council England Project Grant Application)

I was delighted to be able to work with Yotam on this book — it truly was one of the most stimulating, broad-minded and challenging projects I've encountered as a mentor or editor. I think the ideas of the project would be immensely valuable and timely, and I think that Yotam's research, thinking and ultimately his writerly voice are the right way for this thinking to be introduced to the world. I would fully support any grant which supported the completion and hopefully publication of this project.

Yours sincerely,
